

Dear riders,

Thank you for the response to my letter regarding the Darrell Scaife Eventing clinic. I wanted to find out the interest in this clinic and that was quite wide spread! Some only want Dressage, others only Jumping, and again others a seminar about judging. One suggestion was to run the clinic on my cross country course on farm Okaparakaha – but oh – there are only about two jumps left from my three cross country courses in 1989.

As Darrell will be in Windhoek, we decided to run the clinic in Windhoek – at the Gymkhana Club, where there are at least a few cross country jumps, and Darrell says that he does not need cross country jumps – he simulates them with showjumping equipment.

We have a problem that the week of Darrell's stay is not during school holidays – this might be a severe handicap for participation of our younger riders. And we cannot use the weekend 25 -26<sup>th</sup> September either because that is the date of the Namibian Showjumping Championships at the Gymkhana Club. But we'll give it a try:

On **Tuesday, 21<sup>st</sup> September** Darrell will run the workshop in two sessions: in the morning Darrell will give Dressage lessons, individual riders, 45min a lesson. In the afternoon riders are paired up and work together in the jumping phase. The jumping sessions run over one hour and 15min. Maximum eight riders for the day. Cost per rider:N\$200,- for the day. The same if you do only Dressage or only Jumping.

On **Wednesday 22<sup>nd</sup> September** Darrell will devote on Cross Country training of the horse – again two riders per session @ 1hr 15min. Cost:N\$200,- per rider for the day.

Please nominate, but do not pay the entry fee yet. As soon as we have enough riders I'll mail expenses and banking details to the individual participants. Just mail me whether you intend to take part on the 21<sup>st</sup> or the 22<sup>nd</sup> September or both; to [okap@iway.na](mailto:okap@iway.na) or snail mail: Detlev Voigts, P.O. Box 6218, Windhoek.

If I do not receive enough entries by the end of August, we unfortunately have to cancel the clinic. I sincerely hope that many riders can make it possible to attend the clinic! Kind regards

Detlev (Voigts)
